PERSONAL SUMMARY

Experienced IT professional and developer with years of hands-on experience delivering solutions for online clients in virtual work environments. Seeking a challenging role where I can apply my technical expertise to solve complex problems, collaborate with cross-functional teams, and contribute to organizational success while continuing to grow professionally.

EXPERIENCE

October 2023 - Current

Web Developer Buzzcube | UK

- Executed project development and management for various platforms, including WordPress, Shopify, and GHY.
- Developed and maintained responsive website designs, improving user experience across various devices.
- Delivered clean, error-free code matching project scope and minimising performance issues.
- Researched new web technologies and trends, recommending implementations to keep websites current.
- Created innovative websites with animations, audio and video displays.
- Optimised website loading times by compressing images and minimising code, enhancing user satisfaction.
- Read and understand technical texts on Figma on design elements.
- Participated in code reviews, contributing to the improvement of project quality and team standards.

December 2017 - January 2023

Daily Worx Solution | Malolos, Bulacan

June 2016 - August 2017

Team Leader / Web Developer Vinas Food Product | San Rafael, Bulacan

- Handles, led, reviewed and coordinated technology-related tasks and projects within the company.
- Managed different clients of the company who need help on boosting up their company web presence.
- Provide and create media such as videos and images for web development or even social media platforms like Youtube and Facebook.
- Backup, retrieve and reconstruct the website.
- Managing deliveries and orders.
- Salary records.
- Stock inventory.
- Checks and receipts keeper.
